Dear FADF Community,

I'm honored and grateful to have been surrounded by such an amazing community in my time as FADF's executive director. The task of moving the Filipino community forward was a commitment I made to myself first. Born from Filipino immigrant professionals in San Francisco was my privilege. The support of my family, friends, and colleagues was instrumental in helping me learn and experience community in a way I never imagined. The strength of the community is only as strong as its most vulnerable. I am so excited to have Gayle transition into this position. Her lived experience has prepared her and her love for community has already been felt. Our Filipino community deserves no less than the best we can collectively push forward to develop as new leaders.

Best regards,

Bernadette B. Sy  
Chief Financial Officer, FADF
